

# Fitting Report for PMS1

**Description:** Polydimethylsiloxan 1 - Baysilone KT3

**Source:** Åke Melinder. Properties of Secondary Working Fluids for Indirect System...

**Temperature:** -80.0 °C to 100.0 °C

**Composition:** pure fluid

**Density:** coefficients to polynomial (2, 1)

**Spec. Heat:** coefficients to polynomial (2, 1)

**Th. Cond.:** coefficients to polynomial (2, 1)

**Viscosity:** coefficients to expolynomial (3, 1)

**P<sub>sat</sub>:** no information

**T<sub>freeze</sub>:** no information
